## Passing the Due Date Stamp (aka The Baton)

Changes are coming to the NHS Library next year. Neither Cindy nor Ellen will be returning. Jenn Alevy will transfer here after five years as Teacher Librarian at Horizon High School. Jenn has been in education for 16 years, beginning her career as a middle school social studies teacher. She taught overseas and served as Teacher Librarian for three years at Horace Mann Middle School in DPS. With a Master's in Library Science from DU, Jenn is highly respected in the field of Teacher Librarianship and has been published twice on school library issues.

Over the past three years, it has been our joy to bring 21st Century skills to you through our collaborations. We've introduced research skills, Banned Books Week, blogging, VoiceThread, Glogster, Photo Story, Spine Poetry, and Book Pass. We've worked with you and your students on the BIG6 research process, citations, graphic organizers, essential questions, constructed responses and Google apps. We especially enjoyed sharing the Valentine's Day Poetry event with you and encouraging all of our patrons to read the books in the Library.

We know that as you have enriched our lives, you will do the same for Jenn and she will provide outstanding support for you and for your students' continued success.

Farewell . . . and . . . Welcome to Jenn Alevy!
