

## Infinite Campus Login Info

**Why use IC?** You can access student phone numbers, addresses and emails easily.

Get to infinite campus by going to <http://it.adams12.org>

Your login is your universal ID. Your default password is Ad@ms12!

Once you log in, you will be prompted to change your password. Write it down.

If you have used IC before, but not this school year, your password has been reset to the default.

Your teachers, office staff, and others in your building use IC often and would be able to help you get started if you need a quick lesson. I could get someone from IC to do a short training at TL Prof.Devlpt or at a clerk meeting if you don't have anyone in your building who will help you.

Most of you will be "read only" and will not be able to add fines or remove fines from IC. And, we are working on getting IC and Destiny talking about fines, so that isn't important to learn at this time. If your bookkeeper has been entering the fines for you, continue that procedure.
